PART D: Guide on Executor/Next of Kin

Part A should be completed by the executor of the deceased person's will. If this person is not available or there is no will then the following hierarchy can be used as a guide to identify the next of kin:

Next of kin of a deceased adult means, in the following order of seniority:

- 1. a person who was a spouse or de-facto (including same sex partner) of the deceased immediately before the person's death
- 2. where the deceased person has no spouse or the spouse is not available, a son or daughter of the deceased person, who has attained the age of 18 years
- 3. where no person referred to in 1 or 2 is available, a parent of the deceased person
- 4. where no person referred to in 1, 2 or 3 is available, a brother or sister of the deceased person, who has attained the age of 18 years

Next of kin of a deceased child means, in the following order of seniority:

- 1. a parent of the child
- 2. where a parent to the child is not available, a brother or a sister of the child, who has attained the age of 18 years
- 3. where no person referred to in point 1 or 2 is available, a person who is guardian of the child immediately before the child's death.

If the person who assumes the role as the Senior Next of Kin does not wish to provide authority, they may nominate another person as their "delegate". Reason for this delegation must be documented in section A of this form.
